ABOUT POPS

POPS was prepared for the Virginia Tidewater Consortium for Higher Education (VTC) by Crown Educational Services. This self-paced tutorial has been developed for anyone with aspirations of becoming a principal who must first overcome the challenge of the licensure examination. POPS provides a better understanding of the School Leaders Licensure Assessment (SLLA), how it came about, what it measures, how it is scored, and some strategies and tips for achieving a superior score. With POPS, you can take the knowledge acquired in your educational leadership program and channel it into a logical thought process using the strategies contained in the study guide.
